Hi again Ben:

I sent a hard copy of the new CD cover letter to Russ Witt today, along with a corrected Reclamation Contract that he needs to sign. I put a note in the envelope telling him that you and the bank need to sign the new CD cover letter, showing the new CD #. Why don't you wait and get the hard "original" copy from Russ, rather than printing this out. Unless, of course, you have already done this before you read this 2nd note to you.

Let me know.  
Joelle

Hi Ben:

As you are aware, Wells Fargo Bank failed to list the Division on the CD that you purchased. The CD only said the owner was Rockin E Ranch - so we really had no claim to the CD itself.

On March 2, 2006, the bank issued a new CD #5814211818. Therefore, I have the new cover letter to accompany the new CD # which you and the bank will need to sign. (The other CD cover letter was signed February 14th - so we can't have a cover letter signed before the CD was issued).

I have attached the cover letter so you can print it out for you and the bank to sign. Please send the signed letter to us ASAP (today if possible). Please let me know that you get this message and the attached cover letter.

Thank you,  
Joelle
